It only feels right, when it fits right!

Your advantage:

7 sizes for a perfect fit that offers greater safety and feeling.

Use the **MY.SIZE** measuring tape to find your perfect fitting condom.

It's so easy:

Cut the **MY.SIZE** measuring tape on the dotted line with scissors.

Carefully wrap the **MY.SIZE** measuring tape around the thickest part of your erect penis and read our recommended size shown by the arrow.

Attention: Be careful when cutting the measuring tape as paper edges could be sharp!

With the shown size you have found your perfect sized **MY.SIZE** condom.

Penis circumference ► **MY.SIZE** Recommendation

Note: To find your perfect **MY.SIZE** condom the **circumference** of your penis is important, not its length.

Tip: If you like a closer or wider fit, try one condom size bigger or smaller. It is most important though that the condom doesn't slip off or restrict you!
